

Champion

2 bed/1 1/2 bath

total a/c: 1064 - 1154 sq. ft.

total area: 1105 sq. ft.

Stated dimensions are measured to the exterior boundaries of the exterior walls and the centerline of interior demising walls and in fact vary from the dimensions that would be determined by using the description and definition of the "unit" set forth in the declaration of condominium (which generally only includes the interior airspace between the perimeter walls and excludes interior structural components). All measurements are approximate. Floorplans are subject to change.
